

**REMARKS**

Claims 1, 3, 4 and 19 are pending in the application. Claims 1 and 19 are amended to more particularly set forth and describe the claimed invention. Support for the amendments are found throughout the specification as filed. No new matter is added.

Claims 1, 3, 4 and 19 stand rejected on the ground of non-statutory obviousness-type double-patenting as being unpatentable over claim 10 of U.S. Patent No. 6,649,380 ("the Yano '380 patent"). In response, applicants have amended claim 1 to distinguish Formula (17) of claim 10 of the Yano '380 patent. Applicants believe that amended claim 1 and the claims dependent therefrom are allowable and respectfully request that the Examiner withdraw the rejection.

If the Examiner does not conclude that the amendment of claim 1 results in allowable subject matter, applicants respectfully request an interview with the Examiner to discuss the Examiner's offer to "withdraw the rejection of the claims drawn to homopolymers of the claimed product over the reference since there is no suggestion or motivation based on the claimed subject matter for homopolymers based on the claimed subject matter." (see April 30, 2007 Office Action, pg. 3; emphasis in original).

Applicants have not independently addressed the rejections of the dependent claims. Applicants submit that, in view of the amendments to the claims presented herein and, for at least similar reasons as to why the independent claims from which the dependent claims depend are believed allowable as discussed supra, the dependent claims are also allowable. Applicants however, reserve the right to

address any individual rejections of the dependent claims should such be necessary or appropriate.

### **CONCLUSION**

Based on the foregoing amendments and remarks, applicants respectfully request reconsideration and withdrawal of the rejection of claims and allowance of this application.

### **AUTHORIZATION**

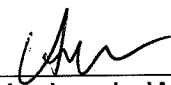

The Commissioner is hereby authorized to charge any additional fees which may be required for consideration of this Amendment to Deposit Account No. **13-4500**, Order No. 1232-5182.

In the event that an extension of time is required, or which may be required in addition to that requested in a petition for an extension of time, the Commissioner is requested to grant a petition for that extension of time which is required to make this response timely and is hereby authorized to charge any fee for such an extension of time or credit any overpayment for an extension of time to Deposit Account No. **13-4500**, Order No. 1232-5182.
